CHANGING LIVES, CHANGING COMMUNITIES

Newsletter

June 2018

MESSAGE FROM KEN HAWLEY:

If you are like most of us, you want the best for your children, even when they make poor choices. You do your best to be a good role model. You try to teach them right from wrong. But sometimes they make mistakes.

If your child was in trouble, where would you turn?

You can turn to us. You can feel confident knowing your child will be treated with compassion in a warm and caring environment.

Your contributions have helped The Transformation Project provide support and guidance to young men and women coming out of corrections. We are so grateful to you for helping us assemble our dedicated team of staff and volunteers.

You are helping us improve the lives of young people at risk of falling into their old familiar patterns as they reenter our community. You are helping us show them how to make better decisions and good choices. Together we can provide them with a new life, and to love them into relationship with Jesus.

The Transformation Project is your community resource dedicated to providing hope and healing to our loved ones as they struggle to find their way and get back on the right track. We are committed to providing our at-risk young adults with job readiness training, mentoring, employment opportunities, life skills, and discipleship. Please help make this possible with your contribution.

Your gift is extremely important right now. It offers immediate resources to address the need and opportunity for us to open our reentry center. You will help us provide a home, house parents, accountability, and structure for up to eight young men transitioning out of corrections.

Your gift of \$100 will have **twice the impact** this month and will help make an immediate difference on our urgently needed materials to finish our renovations and open the doors to our reentry center. Our staff and volunteers all join me in thanking you for your generous partnership and support.

Your donation is helping us transform lives and restore our communities into safer and healthier places to live.

Because God's love never fails,

Ken Hawley
Founder and President

P.S.: Thanks to local generous professional contractors, every gift until the end of June will be **matched to double your donation!**
